

STATE/LOCAL PARTNERSHIP PROGRAM (SLPP) PROJECT
WHITE ROCK ROAD

Project Description

The White Rock Road Widening and Signalization Project is located in El Dorado Hills in the vicinity of the El Dorado Hills Boulevard/Latrobe Road interchange and the planned future Silva Valley Parkway interchange. White Rock Road is currently a two-lane facility that provides parallel capacity to US 50 and is part of the Capital SouthEast Connector.

The project includes:

- Widening existing White Rock Road from two undivided to four divided lanes through the intersection of Post Street with raised median.
- Adding sidewalks and Class II bike lanes to improve bicycle and pedestrian mobility
- Modifying the intersection of White Rock Road and Post Street to increase capacity

Current Project Status

SLPP funding was programmed to the project at the October 2009 CTC meeting and was allocated at the April 2010 CTC meeting. Board of Supervisors awarded the construction contract on October 5, 2010.

Upcoming Activities

- Complete construction - February 2012

PROJECT FUNDING DETAIL				
Project Phase	Amount Programmed	Source	Status	Project Cost
PA&ED	\$14,200	Uniform Developer Fee	Complete	\$14,200
PS&E	\$108,100	Uniform Developer Fee	Pending	\$108,100
ROW	\$10,000	Uniform Developer Fee	Pending	\$10,000
Construction	\$500,000	Uniform Developer Fee	Programmed	\$500,000
	\$500,000	SLPP	Pending CTC Allocation	\$500,000
TOTAL	\$1,132,300			\$1,132,300
