Dear Gabriel:

Enclosed please find three copies each of the El Dorado County Transit Authority's (EDCTA) Transit Design Manual and Park-and-Ride Master Plan. By transmittal of the final documents enclosed, this serves to close out Work Element 223 of the EDCTC 2007/08 Overall Work Program. The project was funded by FTA 5305 Transit Technical Assistance grant funds as a pass-through grant to EDCTA.

Please let me know if you need any additional documentation to assist in closing out this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jerry Barton', written over a horizontal line.
