Placerville, CA 95667

SUBJECT: EXCHANGE TE FUNDING PROGRAMMING

Dear ^{John} Mr. Driscoll:

El Dorado County Transportation Commission (EDCTC) recently concluded a Call for Projects process for Federal Regional Transportation Improvement Program (RTIP) Transportation Enhancements (TE) funds. You requested for \$10,242 in TE funding for improved streetlights for the US 50 Operational Improvements project. Since your funding request did not meet the minimum threshold for Federal TE funding, on February 7, 2008, the Commission approved the programming of \$10,242 in Exchange TE funds to your project. Exchange TE funds are available as reimbursement for the completed project. Upon completion of the project please send a Claim Form to EDCTC for reimbursement in the amount of \$10,242.

Feel free to contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Jerry Barton", is written over the word "Sincerely,".

Jerry Barton
Senior Transportation Planner
