REC'D OCT - 8 2009

Dear Ms. Mathews,

I would like to take the opportunity to thank you for your quick response in providing project information and your federal funding requests. While the timeframe for submitting the requests was tight, the information you provided enabled me to make my time in Washington, D.C. as productive as possible.

In a meeting with U.S. Transportation Department officials, the California delegation requested that California TIGER application be given favorable consideration.

During our trip, we were also encouraged to take advantage of the federal Sustainable Communities Initiative. I am sure you are aware that this program is geared toward encouraging better housing and transportation investment policies that would result in more transit oriented housing and less congestion. The initiative also makes available planning tools to achieve sustainable communities. I hope this initiative is helpful to El Dorado County.

Please know that I intend to continue advocating for the needs of the 10<sup>th</sup> Assembly District at the state and federal levels. If there is any more I can do to assist you, please do not hesitate to contact me.

Sincerely,

ALYSON L. HUBER  
Assemblymember, 10<sup>th</sup> District
