INTRODUCTION

The Overall Work Program (OWP) is the primary management, budgetary, and monitoring tool for the El Dorado County Transportation Commission (EDCTC). The OWP consists of three types of activities: regional transportation planning programs, discretionary transportation planning programs specific to the El Dorado County region and oriented to solving problems unique to this planning region, and administration to support both transportation planning and oversight of transportation project delivery.

The Fiscal Year 2026/27 OWP is a product of cooperative efforts by the EDCTC's planning partners, including the City of Placerville, El Dorado County, the El Dorado County Transit Authority (EDCTA), Sacramento Area Council of Governments (SACOG), Caltrans, and the Shingle Springs Rancheria Tribal Government. This coordination fosters inclusive, multimodal transportation solutions that enhance connectivity, preserve cultural and environmental resources, and improve mobility for all stakeholders. The specific Work Elements included in the OWP are consistent with the policies in the El Dorado County RTP and the priorities for each state and federal grant funding source. The OWP serves the following key functions:

- Provides the framework for the EDCTC to execute its primary objective of implementing a programming and funding strategy that addresses the mobility needs of El Dorado County residents, businesses, and visitors.
- Reflects a proactive approach to identifying future transportation projects for all users across all modes.
- Emphasizes project delivery through programs such as the State Transportation Improvement Program (STIP) and competitive state and federal funding programs.
- Focuses on Active Transportation and Transportation Development Act-related planning and programming (WE 120, 310, and 330).
- Allocates planning resources between transit, highways, rural roadways, aviation, and active transportation modes. (WE 125, 130, 200, and 221).
- Demonstrates the EDCTC's commitment to public education and outreach (WE 400) and the Transportation Advocacy Program (WE 410).
- Supports partnership with other agencies to find collective solutions to transportation issues and participate in regional, state, and federal discussions regarding planning, funding, and delivering transportation projects, including Intergovernmental Coordination (WE 110), Transportation Development Act and Transit Administration (WE 120), El Dorado County Airport Land Use commission (WE 125), El Dorado County Freeway Service Patrol (WE 130), and Transit planning (WE 221).
- Includes coordination with Tribal Governments and Federal Land Management Agencies. (WE 110 and 200).
- Is consistent with all applicable state and federal transportation planning requirements.

BACKGROUND

The EDCTC was designated as the Regional Transportation Planning Agency (RTPA) for El Dorado County on July 23, 1975 (and amended on April 4, 1979) per Article 11, Chapter 2, Division 3, Title 3 of the Government Code and organized per Chapter 3, Title 21 of the California Administrative Code. This planning and programming authority does not include the portion of the County within the Tahoe Regional Planning Agency (TRPA) boundaries. TRPA is the RTPA for the Tahoe area. At the time of its formation, the EDCTC was staffed as a sub-department of the El Dorado County Department of

Transportation. The EDCTC was administratively reorganized on August 13, 1993, when its administration was separated from the County.

LOCATION

The EDCTC represents the regional transportation planning interests for the western slope of El Dorado County and the City of Placerville. As of January 2025, the State Department of Finance estimated the population of the western slope as follows: City of Placerville, 10,642, and unincorporated El Dorado County, 150,196, for a total western slope population of 160,838. The map on the following page identifies the western slope planning area.

ORGANIZATION

The EDCTC consists of four members appointed by the El Dorado County Board of Supervisors and three members appointed by the City of Placerville City Council. The Director of Caltrans, District 3, or their designated representative, and a member of the South Lake Tahoe City Council serve as non-voting members of the EDCTC.

There are two committees that advise the EDCTC throughout the year: the Policy Advisory Team (PAT), and the Social Services Transportation Advisory Council (SSTAC).

The PAT provides input to the EDCTC Executive Director and Board on policy-level issues related to funding, land use, and intergovernmental cooperation that impact the overall ability to plan, fund, and deliver transportation programs and projects. PAT members are responsible for ongoing communication and action taken within their respective organizations regarding coordination with the EDCTC adopted policies and programs. Members include the EDCTC Executive Director, the El Dorado County Transit Authority (EDCTA) Executive Director, the Placerville City Manager, the El Dorado County Chief Administrative Officer, and the El Dorado County Director of Transportation. Meetings are held on an as-needed basis.

The SSTAC consists of a diverse group of individuals representing seniors, individuals with disabilities, low-income populations, and commuters. The Council meets as needed to identify possible unmet transit needs that may be reasonable to meet, in compliance with TDA Statute 99238.

STAFFING

The current staff consists of five full-time positions: an Executive Director, a Principal Transportation Planner, an Associate Transportation Planner, a Fiscal Officer, and an Administrative Analyst who serves as Secretary to the Commission. The EDCTC also contracts for general legal services, accounting oversight services, airport land use professional services, and computer and technical support services. To keep overhead costs low and staffing levels stable, the EDCTC also contracts with transportation planning consultants to assist when grant-funded planning work elements are added to the OWP. The EDCTC Organizational Chart is on Page 6.

DUTIES AND RESPONSIBILITIES

The duties and responsibilities of the EDCTC include the following:

1. Establishing policies and procedures to administer transportation planning and receive and approve claims for Transportation Development Act (TDA) Funds.
2. Receiving and approving claims for Senate Bill 125 Transit and Intercity Rail Capital Program (TIRCP) and Zero-Emission Transit Capital Program (ZETCP).
3. Conducting public meetings, hearings, and other public and stakeholder engagement.
4. Administering the regional transportation planning process for the west slope.
5. Updating and adopting the Regional Transportation Plan (RTP) at least every five years.
6. Adopting a Regional Transportation Improvement Program (RTIP) every two years.
7. Collaborating with the Sacramento Area Council of Governments (SACOG) as the federally designated Metropolitan Planning Organization for the west slope of El Dorado County.
8. Coordinating with the City of Placerville, El Dorado County, and the El Dorado Transit Authority to apply for state and federal funding opportunities.
9. Securing and overseeing the delivery of State Transportation Improvement Program funding.
10. Coordinating and collaborating with the Shingle Springs Rancheria Tribal Government.
11. Conducting outreach efforts to underserved populations such as the elderly, disabled, low-income, and minority community groups.
12. Administering the El Dorado County Airport Land Use Commission (ALUC) and related airport land use planning activities.
13. Administering the El Dorado County Freeway Service Patrol (FSP).

AUTHORIZING DOCUMENTS

A Memorandum of Understanding (MOU) with Caltrans, dated April 12, 2012, replaced the previous agreement dated November 18, 1995. The MOU outlines inter-agency arrangements for transportation planning. A supplementary MOU regarding project delivery roles and responsibilities pursuant to Senate Bill 45 (Statutes of 1997) was entered into in April 1998. In addition, an MOU with Caltrans, dated November 19, 1998, addresses coordination of ongoing transportation planning and programs between the EDCTC and Caltrans through the preparation of Project Study Reports under the Transportation Funding Act (Chapter 622, Statutes of 1997).

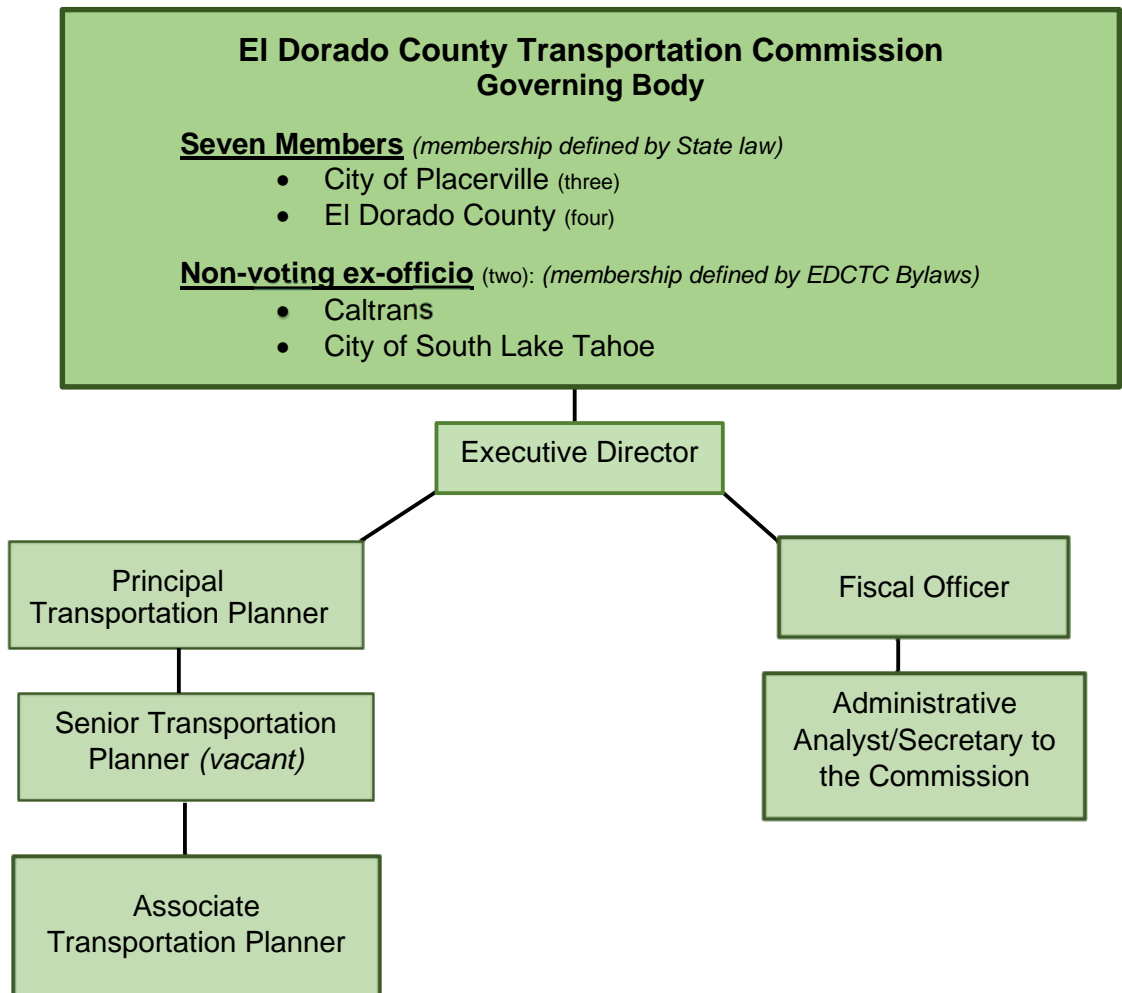

In 1991, the Federal Intermodal Surface Transportation Efficiency Act (ISTEA) provided a new definition of the geographic area of transportation planning concern to be included in a Metropolitan Planning Organization's (i.e., SACOG) planning process. This geographic area is considered the Metropolitan Planning Area and must encompass the areas designated as non-attainment for ozone and carbon monoxide under the Federal Clean Air Act. The areas defined by the ISTEA brought the entire geographic area represented by the EDCTC into SACOG's planning process. This process is limited to planning as it pertains to federally funded projects, projects that require federal approval, or state and locally funded projects deemed to be "regionally significant." SACOG's main purpose in this regard is to perform air quality conformity analyses for local projects that meet the above criteria.

These projects must be included in the Metropolitan Transportation Plan, Metropolitan Transportation Improvement Program, and ultimately the Federal Transportation Improvement Program.

An MOU setting forth a continuing, comprehensive, and cooperative planning process that involves all interests in the Metropolitan Planning Area has been developed. The original MOU between the EDCTC, SACOG, and the State of California was approved by the Secretary of Business, Transportation, and Housing Agency on September 9, 1993. A new MOU was approved by SACOG on April 18, 2024, and then by the EDCTC on May 2, 2024.

Statute requires the EDCTC to be comprised of four members appointed by the El Dorado County Board of Supervisors and two members appointed by each incorporated city in the portion of El Dorado County outside of the Tahoe Basin. However, if there is only one incorporated city, that city would appoint three members.

ORGANIZATIONAL CHART

FEDERAL PLANNING AND PROGRAMMING

As the federally recognized Metropolitan Planning Organization (MPO) for the Sacramento region, SACOG is responsible for administering federal transportation funding and developing the Metropolitan Transportation Plan (MTP) and Metropolitan Transportation Improvement Program (MTIP) for the area covered by the ozone non-attainment area, including the region represented by the EDCTC.

The EDCTC coordinates local projects that meet the MTP/MTIP criteria and presents SACOG with a list of “funding constrained” projects for inclusion in the MTP/MTIP. SACOG performs air quality conformity analyses on these projects. If the conformity criteria are met, the projects are advanced to the statewide Federal Transportation Improvement Program (FTIP).

SACOG administers federal transportation funding through a six-county competitive funding round process. The funds included are the Congestion Mitigation and Air Quality (CMAQ) program and the Surface Transportation Block Grant (STBG) program. The EDCTC retains responsibility for administering all other state transportation funding programs.

AGENCY COORDINATION

The EDCTC coordinates regional transportation planning activities with various public agencies, including:

- El Dorado County, the City of Placerville, EDCTA, SACOG, and the Tahoe Regional Planning Agency;
- Tahoe Transportation District, Federal Highway Administration (FHWA), and the State Department of Transportation (Caltrans);
- California Transportation Commission;
- Adjacent Regional Transportation Planning Agencies (RTPAs): Nevada County Transportation Commission, Placer County Transportation Planning Agency, and Amador County Transportation Commission;
- Shingle Springs Rancheria Tribal Government;
- Federal Land Management Agencies (FMLA)
 - Bureau of Land Management, California State Parks, US Forest Service; and
- Other interested groups.

COMMUNITY PARTICIPATION

The EDCTC adheres to public participation guidelines outlined in the Caltrans Public Participation Plan and has adopted its own Public Outreach Plan, which can be found here <https://www.edctc.org/files/d654e59a1/Public+Outreach+Plan-Adopted+06-19-14.pdf>. This plan incorporates collaborative efforts including engaging Native American communities, organizations, groups, and individuals through various policy, technical, and public forums.

The EDCTC conducts public hearings for the development and adoption of the Regional Transportation Plan (RTP), the Regional Transportation Improvement Program (RTIP), and the annual unmet transit needs hearing (pursuant to TDA Statute). Additional public hearings and workshops are held for individual planning projects.

The community participation effort has been enhanced through:

- Non-traditional outreach methods including online interactive engagement platforms;
- Expansion of the agency website and social media; and
- Virtual-online public engagement tools, meeting access, and outreach opportunities.

STATE PLANNING AND PROGRAMMING

As a Regional Transportation Planning Agency (RTPA), the EDCTC prepares the RTP and the RTIP for the western slope of El Dorado County, excluding the Tahoe Basin. The EDCTC is also responsible for administering the Transportation Development Act (TDA) funds for El Dorado County jurisdictions, excluding the portion within the Tahoe Regional Planning Agency boundaries.

All projects, including those designated in the MTIP, must be included in the RTP and the RTIP to receive consideration for funding allocated by the California Transportation Commission through the State Transportation Improvement Program (STIP).

The MTIP and RTIP address two distinct funding sources:

1. The MTIP, developed and approved by SACOG, programs federal funds and Regionally Significant Projects.
2. The RTIP, developed and approved by the EDCTC, nominates projects for STIP funds to be considered by the California Transportation Commission.

STATE PLANNING RECOMMENDATIONS

Within the California Transportation Plan (CTP) 2050, Caltrans has identified fourteen recommendations which attempt to address the goals and vision of the CTP 2050. These are passed on to RTPA’s who then are expected to align the Overall Work Program Work Elements with the fourteen recommendations to support implementation of the CTP 2050. The fourteen recommendations and aligning EDCTC 2026/27 OWP Work Elements detailed in the matrix below.

California Transportation Plan 2050 Recommendations EDCTC 2026/27 OWP Work Element Alignment

FEDERAL PLANNING FACTORS

Federal Planning Factors, issued by Congress, emphasize specific issues and must be identified in local planning documents. These factors are mandated in 23 U.S.C. 134(h) and 49 U.S.C. 5303(h) and remain the foundation for federal transportation planning — they apply regardless of the current Administration because they are statutory requirements for MPOs, State DOTs, and regional planning. The Federal Highway Administration and the Federal Transit Administration guidance continues to list them as core planning criteria. The ten planning factors are as follows:

Federal Planning Factors Work Element									
	110	120	122	200	221	310	330	400	410
1. Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency	•			•				•	•
2. Increase the safety of the transportation system for motorized and non-motorized users				•	•	•	•	•	•
3. Increase the security of the transportation system for motorized and non-motorized users		•		•	•		•		•
4. Increase the accessibility and mobility of people and freight		•	•	•	•	•	•		•
5. Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and state and local planned growth and economic development patterns	•		•	•			•	•	•
6. Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight		•	•	•	•	•	•	•	•
7. Promote efficient system management and operation	•			•		•			•
8. Emphasize the preservation of the existing transportation system	•			•	•	•	•	•	•
9. Improve the resiliency and reliability of the transportation system and reduce or mitigate storm water impacts of surface transportation	•		•	•	•	•	•		•
10. Enhance travel and tourism	•		•	•	•		•	•	•

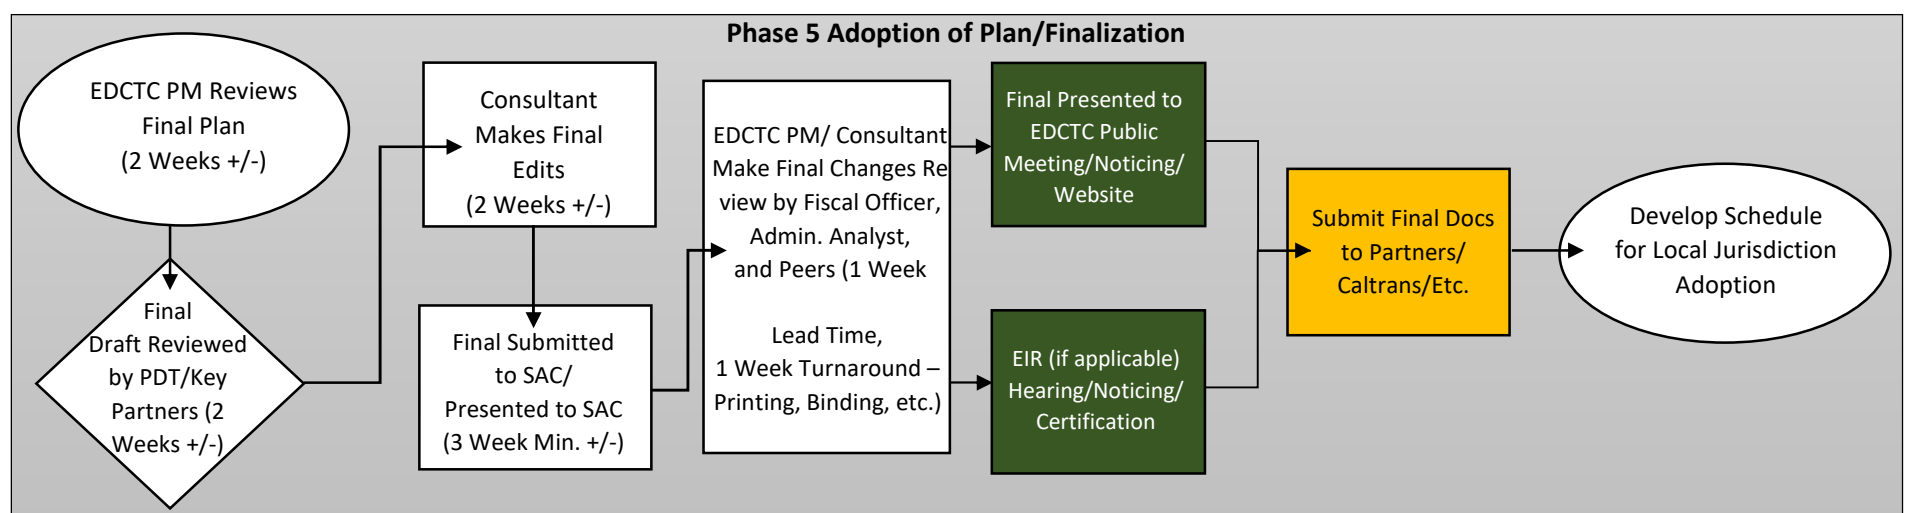

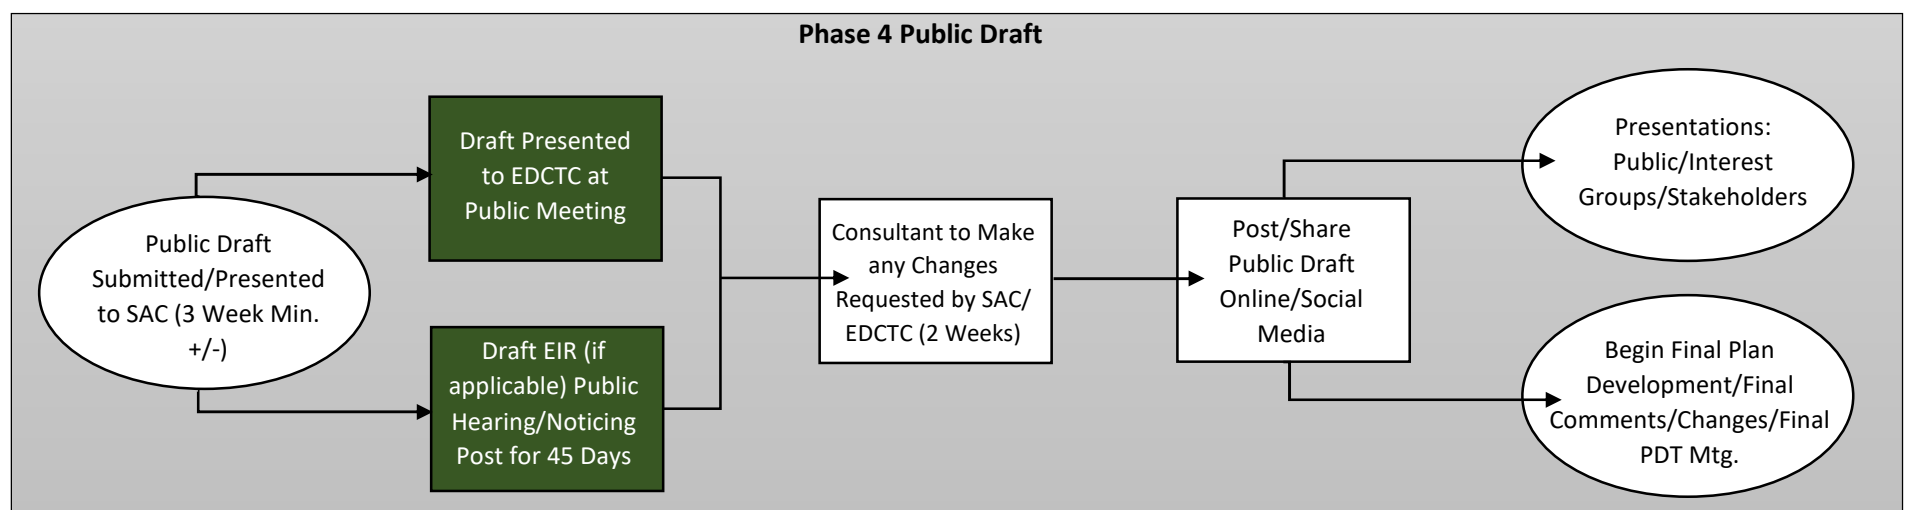

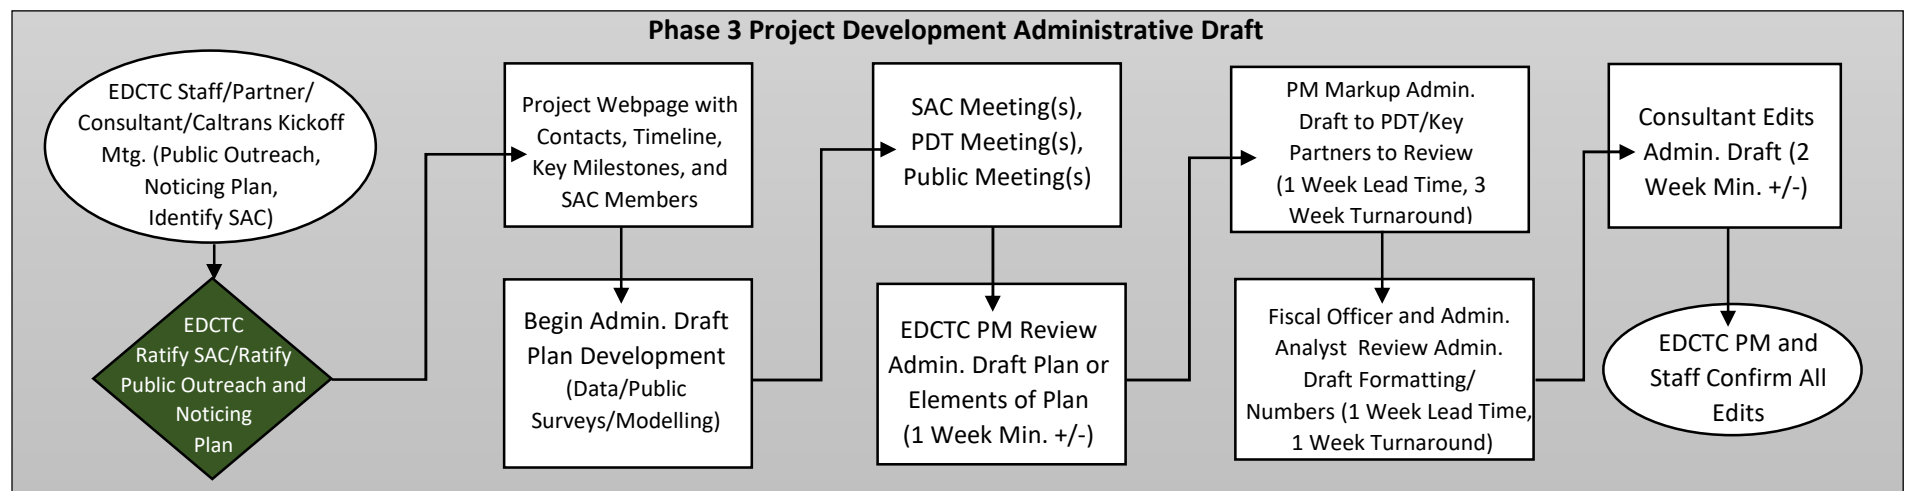

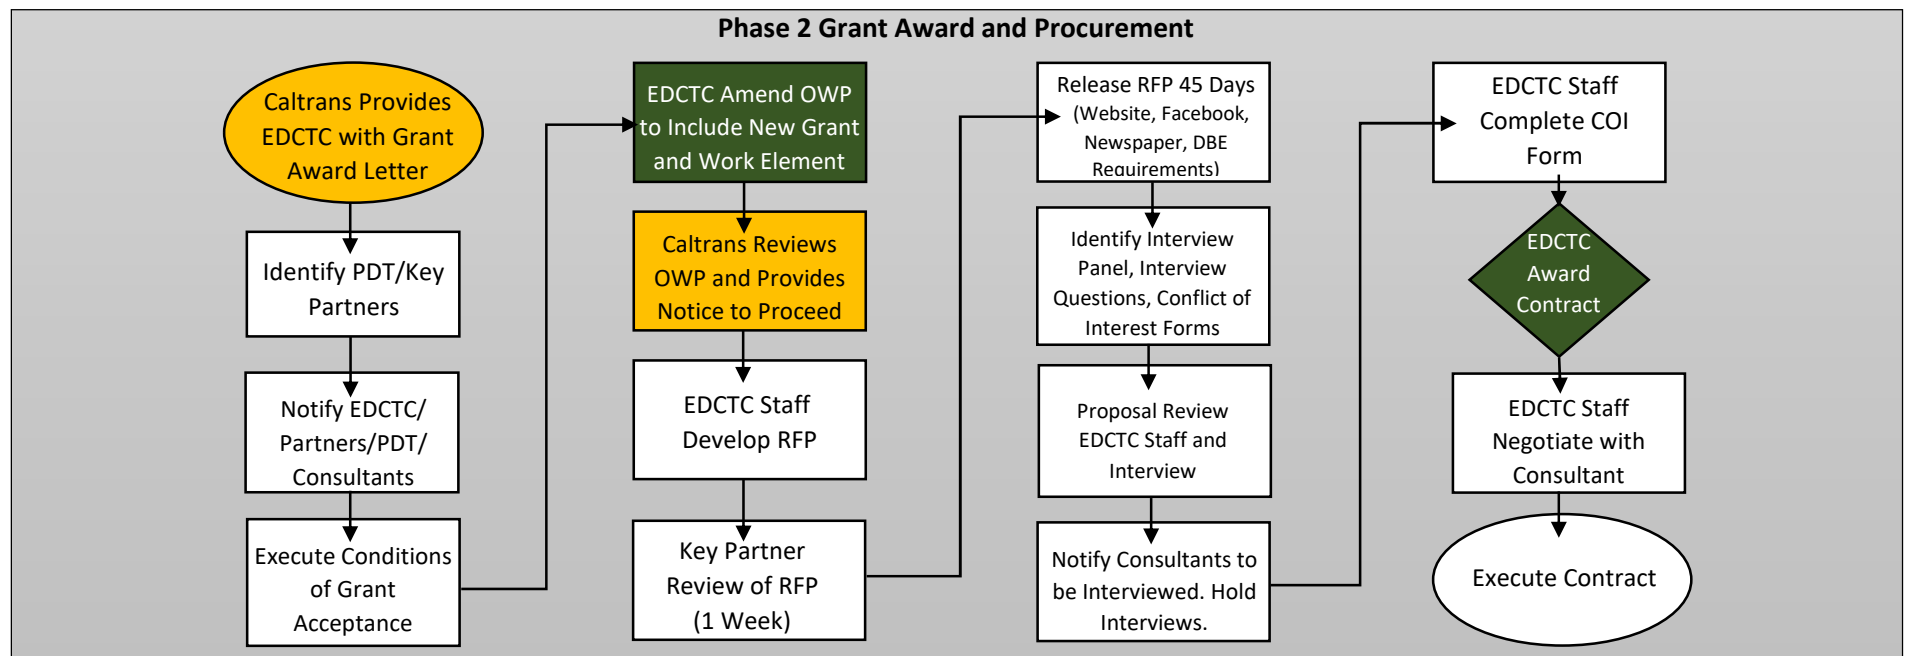

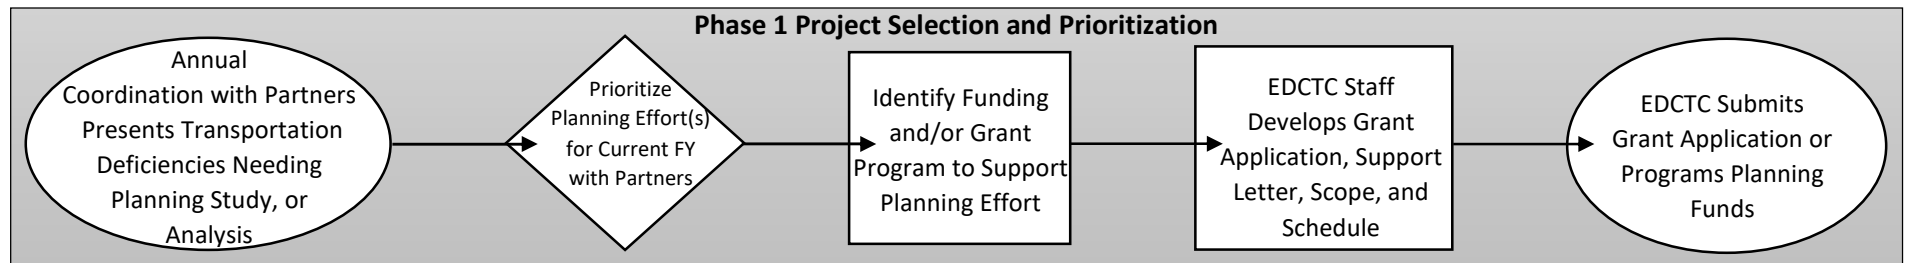

FEDERAL PLANNING EMPHASIS AREAS

Planning Emphasis Areas (PEAs) are non-statutory guidance jointly issued by the Federal Highway Administration and Federal Transit Authority to highlight priority topics for transportation planning. The most recent widely referenced set was issued in 2021 and many MPOs and state planning documents continue to apply them in their FY 2025 and FY 2026 Unified Planning Work Programs.

The EDCTC is committed to planning and project delivery that aligns with the state and federal requirements outlined in various transportation funding programs. The EDCTC achieves this by ensuring work elements are consistent with the most current transportation policies and directives. Additionally, the EDCTC integrates recommendations from the California Transportation Plan 2050 (CTP 2050), which establishes a long-term vision for an innovative, sustainable, and equitable transportation system. By incorporating the goals and strategies outlined in CTP 2050—such as advancing multimodal mobility, reducing greenhouse gas emissions, and enhancing system resilience—the EDCTC ensures its planning efforts contribute to a cohesive statewide approach to transportation development and funding.

WORK ELEMENT DETAIL

The following section provides the specific objectives, tasks performed, and end products of each Work Element included in the Overall Work Program (OWP). These details highlight each Work Element and ensure transparency and clarity regarding the work performed by the EDCTC staff over the course of a fiscal year.

The details of some Work Elements remain consistent from year to year, with only minor revisions to the tasks performed. Other Work Elements may change or be newly added to the Work Program due to the fluid nature of transportation priorities, planning efforts, studies, and grant-funded initiatives.

It is important to note that the numbering structure of the Work Elements is tracked across multiple years. For example, the Work Elements are not numbered consecutively (e.g., 1, 2, 3, 4). Instead, recurring Work Elements retain their assigned numbers (e.g., 50 and 100), while new numbers are assigned to newly introduced Work Elements.

Each year’s Overall Work Program organizes Work Elements into four primary categories:

1. Administration and Intergovernmental Coordination
 - o Work Elements 50, 100, 110, 120, 122, 125, and 130
2. Multi-Modal Transportation Planning
 - o Work Elements 200, and 221
3. Project Delivery and Programming
 - o Work Elements 300, 310, and 330
4. Public Information, Outreach, and Advocacy
 - o Work Elements 400 and 410

To monitor work performed over time, the EDCTC tracks the Overall Work Program over a five-year period. This approach helps identify shifts in priorities and observe the evolution of transportation planning and policy. Additionally, it provides insights into resource allocation and identifies opportunities to adjust priorities as needed.

The table below presents a comparison of Work Elements over five fiscal years illustrating how the focus of the Overall Work Program has evolved.

Note: Work Element 50 Indirect Costs are not included as they are spread across all Work Elements each year. Grant funding is shown but is often spread across multiple Fiscal Years to complete the work performed.

ADMINISTRATION AND INTERGOVERNMENTAL COORDINATION

WORK ELEMENT 50

AGENCY ADMINISTRATION AND MANAGEMENT: INDIRECT COSTS

Objective

To manage and administer the day-to-day operations of the agency that are billable as indirect labor and indirect costs under an Indirect Cost Allocation Plan approved annually by Caltrans.

Discussion

This element provides for the support of the agency’s personnel, management, and operational needs.

WORK ELEMENT 110**INTERGOVERNMENTAL COORDINATION****Objective**

To coordinate the efforts of the EDCTC with local, regional, tribal, state, and federal agencies.

Discussion

This element provides the resources needed for the EDCTC's staff and Commission members to participate in the efforts and activities of other public agencies and stakeholder groups necessary to identify transportation issues and opportunities, develop plans, fulfill programming needs, and implement programs that represent the transportation needs of the citizens of the region. This participation is important to continue strong, inter-agency relationships within regional, state, tribal, and Federal Lands Management Agencies to best ensure that the EDCTC's policies, goals, and objectives are implemented. EDCTC establishes a stakeholder advisory committee for each individual planning effort and customizes that group accordingly. However, some key stakeholders are always involved including local partner agencies such as El Dorado County, El Dorado Transit and the City of Placerville. Additionally, agencies such as the Federal Lands Management Agencies, Caltrans, and Tribal Governments are also always engaged in any and all planning efforts being led by EDCTC. Furthermore, EDCTC follows the Public Outreach Plan which can be accessed via the website at <https://www.edctc.org/files/d654e59a1/Public+Outreach+Plan-Adopted+06-19-14.pdf> and the Public Participation Plan and Title VI plan that can be accessed via the website at <https://www.edctc.org/resources-5d866f8#docaccess-f6053fc4d52c9f6fdbafc77e8d30a886999e7a3a8d2a8ca3e375d5070ce1a94d>

The EDCTC staff participates in the following policy and technical advisory committees:

- California Statewide Motorist Aid Committee
- Capitol Valley Area Service Authority for Freeways and Expressways (SAFE)
- Capitol Area Regional Tolling Authority Board (CARTA)
- Caltrans – State Highway System Management Plan
- Caltrans – Managed Lanes System Plan
- El Dorado County Office of Wildfire Preparedness and Resilience
- Regional Caltrans Coordinating Group
- Regional Transportation Planning Agency Forum (RTPA)
- SACOG Regional Planning Partnership (RPP)
- SACOG Active Transportation Program Advisory Committee
- SACOG Transit Coordinating Committee (TCC)
- SACOG Mobility Zones Advisory Committee
- South Shore Transportation Management Association (SSTMA)
- Tahoe Regional Planning Agency (TRPA)
- Tahoe Transportation District (TTD)

The EDCTC staff is a member and/or participates in the activities of the following organizations:

- California Rural Counties Task Force (RCTF)
- California Transit Association (CTA)
- Sacramento Metro Chamber Annual Cap to Cap Advocacy Delegation

Previous Work Activities completed by EDCTC Staff - FY 2025/26

1. Participated in statewide RTPA, RCTF, and CTC meetings..... bi-monthly
2. Attended Placerville City Council and El Dorado County Board of Supervisors meetings as a partner agency for agenda items relevant to the EDCTC monthly
3. Participated in El Dorado Transit Authority Meetings monthly
4. Participated in SACOG Board, Committees, and working group meetings monthly

Current Work Activities by EDCTC Staff - FY 2026/27

1. Participate in Caltrans, CTC, CalSTA, and SACOG meetings, including subcommittees and working groups monthly, or as needed
2. Participate in Tahoe Transportation District, Tahoe Regional Planning Agency, and South Shore Transportation Management Association meetingsas needed

WORK ELEMENT 120

**TRANSPORTATION DEVELOPMENT ACT
AND TRANSIT ADMINISTRATION**

Objective

To effectively administer the provisions of the Transportation Development Act (TDA), including receiving, reviewing, and approving claims for Local Transportation Funds (LTF), State Transit Assistance (STA) Funds, and State of Good Repair (SGR) Funds for the jurisdiction of the EDCTC. To provide staff support to the EDCTC Social Services Transportation Advisory Council (SSTAC).

Discussion

One fundamental responsibility of the EDCTC is to administer TDA funds. These funds operate public transit, construct bicycle and pedestrian facilities, and may be used for streets and roads purposes only after all unmet transit needs that are reasonable to meet have been addressed. Under TDA statute, the EDCTC is responsible for preparing preliminary and final estimates of LTF, STA Fund, and SGR Fund apportionments, conducting fiscal and performance audits, and transit coordination. The EDCTC has appointed members to the SSTAC in accordance with Transportation Development Act Statue 99238.

Previous Work Activities - FY 2025/26

1. Administered the Local Transportation Fund (LTF), the State Transit Assistance (STA) Fund, and the State of Good Repair (SGR) Fund (EDCTC Staff) July 2025-June 2026
2. Completed fiscal audits for EDCTC and EDCTA (Consultant, EDCTC Staff)September- November 2025
3. Assisted claimants with preparation of claims and local program administration for Road Repair and Accountability Act of 2017 State of Good Repair program (EDCTC Staff)October 2025
4. Provided instructions to the El Dorado County Auditor for 2024/25 actual allocations and revised claims (EDCTC Staff)October 2025
5. Prepared Transportation Development Act Funds apportionments (EDCTC Staff) . February 2026, April 2026
6. Conduct the Citizen Participation Process Public Hearing (EDCTC Staff).....November 2025- February 2026
7. Assisted with development of State of Good Repair project programming.....June 2026

Current Work Activities by EDCTC Staff - FY 2026/27

1. Manage the Local Transportation Fund (LTF), the State Transit Assistance (STA) Fund, and the State of Good Repair (SGR) Fund..... ongoing
2. Ensure that fiscal audits are performed in accordance with law and assist in the resolution of audit findings September-November 2026
3. Conduct the Citizen Participation Process Public Hearing September-November 2026
4. Prepare draft and final apportionments for FY 2027/28 Transportation Development Act FundsFebruary and June 2027
5. Provide instructions to the El Dorado County Auditor for 2027/28 allocations to the jurisdictionsJune 2027
6. Assist claimants with preparation of claims and local program administration, including Road Repair and Accountability Act of 2017 State of Good Repair program ongoing

- 7. Provide instructions for revised allocations and revised claims.....as needed
- 8. Provide staff support to the EDCTC SSTAC ongoing

End Products

- 1. Independent audits of FY 2025/26 TDA claimants..... September-November 2026

WORK ELEMENT 122

TIRCP and ZETCP ADMINISTRATION

Objective

To effectively administer the provisions of the Budget Act of 2023 SB 125 Formula-Based Transit and Intercity Rail Capital Program (TIRCP) & Zero-Emission Transit Capital Program (ZETCP), including:

- Submitting funding allocation packages
- Distributing funding to public agencies eligible to receive TIRCP capital funding
- Posting online a monthly summary of transit operator ridership data
- Submitting an annual report to the California State Transportation Agency (CalSTA)
- Ensuring that monies are expended consistently with State law
- Submitting a one-time, long-term financial plan by June 30, 2026.

Discussion

The Formula-Based TIRCP and ZETCP programs were created by Senate Bill (SB) 125 to fund improvements that modernize California's public transportation system. For TIRCP, the bill guided \$4 billion in funding through a population-based formula to regional transportation planning agencies, which could use the funding for transit operations or capital improvements. For ZETCP, the bill established \$1.1 billion in funding to be allocated to regional transportation planning agencies using population-based and revenue-based formulas to fund zero-emission transit equipment and operations that support zero-emission transition efforts. This funding supports the California Air Resources Board's goal for all public transit agencies to operate a 100% zero-emission fleet by 2040.

Subsequently, AB 173 (Chapter 53, Statutes of 2024), SB 108 (Chapter 35, Statutes of 2024), and SB 109 (Chapter 36, Statutes of 2024) amended the Budget Act of 2024, adjusting the timing of fund availability for both programs.

Previous Work Activities by EDCTC Staff - FY 2023/24 through 2025/26

1. Submitted the FY 2023/24 SB 125 Initial Allocation Package November-December 2023
2. Posted online monthly summary of ridership data July 2025-June 2026

WORK ELEMENT 125

EL DORADO COUNTY AIRPORT LAND USE COMMISSION

Objectives

To effectively administer the El Dorado County Airport Land Use Commission (ALUC) and related planning activities.

To provide technical assistance to the Placerville and Georgetown Airport Advisory Committees and the Cameron Park Airpark District.

To administer and maintain the Airport Land Use Compatibility Plans for each of the three airports under the jurisdiction of the El Dorado County ALUC.

Discussion

The EDCTC’s planning activities include administration of the ALUC and related planning assistance to the Placerville Airport, Georgetown Airport, and Cameron Park Airpark Airport. The EDCTC coordinates with the California Department of Transportation Division of Aeronautics for ALUC planning activities and funding. As the designated ALUC for El Dorado County, the EDCTC is responsible for defining planning boundaries and setting standards for compatible land uses surrounding airports.

ALUCs have four primary functions under State law.

1. Adopt land use standards that minimize the public’s exposure to safety hazards and excessive levels of noise.
2. Prevent the encroachment of incompatible land use around public-use airports.
3. Prepare of an Airport Land Use Compatibility Plan (ALUCP) for the area around each public-use airport, which defines compatible land uses for safety, density, height, and noise. Guidance for ALUCP development is provided in the 2011 California Airport Land Use Planning Handbook.
4. Make consistent determinations for proposed projects that are incompatible with adopted ALUCP recommendations.

Previous Work Activities - FY 2025/26

1. Reviewed development projects for consistency with adopted ALUCPs (EDCTC Staff, Consultant)..... July 2025-June 2026
2. Reviewed local jurisdictions zoning ordinance amendments and land use policy changes (EDCTC Staff, Consultant) July 2025-June 2026

Current Work Activities - FY 2026/27

1. Review development projects, zoning amendments, land use policies, and general plan amendments for consistency with adopted ALUCPs (EDCTC Staff, Consultant)as needed
2. Develop amendments to the adopted ALUCPs based on consistency determinations for Master Plan Updates and Airport Layout Plans for the Placerville, Cameron Park, and Georgetown airports (EDCTC Staff, Consultant)as needed
3. Follow the public participation guidelines, as outlined by the Caltrans Goals of the Public Participation Plan (EDCTC Staff)..... ongoing

WORK ELEMENT 130

EL DORADO COUNTY FREEWAY SERVICE PATROL

Objective

To manage and oversee the operation of a Freeway Service Patrol (FSP) along US 50 within El Dorado County.

Discussion

This work element includes the activities necessary to implement an FSP program along US 50 east of the El Dorado County/Sacramento County line to relieve congestion, assist the motoring public, and provide air quality improvements.

US 50 serves as the primary transportation corridor for local, regional, interregional, commuter, and goods movement traffic throughout El Dorado County. During peak periods, US 50 experiences traffic congestion as traffic volumes approach highway capacity. Traffic congestion along US 50 reduces throughput and mobility, increases air pollution, and creates stress on drivers. Approximately 60% of delay hours result from disabled vehicles and accidents. While these types of traffic incidents are random, they cause the most significant delays when roadways are approaching capacity.

The purpose of the FSP program is to relieve the most heavily congested segments of US 50 in El Dorado County by assisting disabled vehicles and the motoring public.

Previous Work Activities by EDCTC Staff - FY 2025/26

1. Managed a contract with Extreme Towing to provide services along US 50 from El Dorado County line east for approximately ten milesMonthly
2. Participated in regional and statewide Motorists Aid Committee meetings September 2025, January 2026
3. Presented annual FSP Progress Report at the EDCTC Commission meeting February 2026
4. Developed and issued a Request for Proposals for FSP services March 2026
5. Awarded agreement for FSP servicesJune 2026

Current Work Activities - FY 2026/27

1. Manage the contract with the FSP provider to offer services along US 50 from El Dorado County line for east approximately ten miles (EDCTC Staff) ongoing
2. Collaborate with Sacramento Transportation Authority to maintain the online assists database (EDCTC Staff)..... ongoing
3. Coordinate with California Highway Patrol (CHP) to administer and monitor the FSP program (EDCTC Staff)..... ongoing
4. Evaluate FSP data and modify service as needed to meet the goals and objectives of the FSP program (EDCTC Staff)..... ongoing
5. Submit the annual FSP progress report (EDCTC Staff)..... February 2027
6. Participate in regional and statewide Motorists Aid Committee meetings (EDCTC Staff) . ongoing
7. Patrol the FSP area between the El Dorado County Line and Greenstone Road on weekdays between the hours of 6:30-9:00 am and 3:30-6:30 pm (Contracted Tow Operator) ongoing

MULTI-MODAL TRANSPORTATION PLANNING

WORK ELEMENT 200**REGIONAL TRANSPORTATION PLAN****Objective**

To implement the EDCTC Regional Transportation Plan (RTP) and coordinate with partner agencies on the development and amendment of the El Dorado County components of SACOG's Metropolitan Transportation Plan (MTP) Sustainable Communities Strategy (SCS).

Discussion

The RTP and MTP/SCS are required by state and federal law (respectively) and provide the means for the EDCTC and the six-county SACOG region to establish transportation goals, policies, and funding strategies, as well as identify projects over a 20-year horizon. The current EDCTC 2025-2045 RTP was adopted in November 2025, and the SACOG MTP/SCS for 2050 was adopted November 20, 2025.

The EDCTC is required to update the RTP every five years in compliance with guidelines established by the California Transportation Commission. The RTP is the primary planning document produced by the EDCTC and provides the policy basis for all major transportation infrastructure funding programs within the jurisdiction of the EDCTC. During this period, the EDCTC will shift toward implementation of the RTP projects, through the development of strategic funding strategies in coordination with partner agencies and SACOG.

The RTP is multimodal and addresses matters related to all modes of transportation including transit, active transportation, aviation, highways, streets and roads, and transportation systems management. Additionally, the RTP addresses resiliency, sustainability, equity, and integrated land use through its comprehensive Goals, Objectives, and Strategies and the proposed projects support the goals.

On a statewide basis, projects and programs must be listed in the RTP, MTP, and the Metropolitan Transportation Improvement Program (MTIP) for cities, counties, and transit operators to be eligible for federal funds for capital improvements. Additionally, any capacity-increasing capital projects are required to meet air quality conformity standards as outlined by the federal Environmental Protection Agency and implemented by SACOG. In 2026, El Dorado County remains designated as a non-attainment area for 8-hour Ozone (2008, 2015) and PM 2.5 (2006). The EDCTC annually pays SACOG for the federal planning, programming, and air quality conformity activities conducted by SACOG. SACOG activities are described in Appendix B, and the payment to SACOG is funded by Local Transportation Funds.

EDCTC will rely on the RTP and the short and long term list of projects therein along state routes and the primary corridors of El Dorado County to coordinate with Caltrans on corridor planning efforts. This work has already begun on the US 50 Comprehensive Multimodal Corridor Plan which is heavily influenced by the EDCTC RTP 2045. EDCTC will continue to utilize the RTP in coordination with Caltrans on other corridor and system planning efforts.

Previous Work Activities by EDCTC Staff – FY 2025/26

1. Worked with SACOG on updates and amendments to the MTP and MTIP .. July 2025-June 2026
2. Coordinated with City of Placerville and El Dorado County to program funds to multi-modal and other projects included in the 2020-2040 and 2025-2045 RTP July 2025-June 2026
3. Coordinated with the Regional Transportation Plan Stakeholders Advisory Committee in the preparation of the Policy and Action Elements for the 2025-2045 RTP July 2025-November 2025

4. Coordinated with SACOG on Project Evaluation Process, Mapping Tools, and project identification for MTP updateJuly 2025-November 2025
5. Adopted the 2025-2045 RTP November 2025

Current Work Activities – FY 2026/27

1. Implement the 2025-2045 RTP, including coordination and outreach with partner agencies, the public, and the EDCTC board (EDCTC Staff)..... ongoing
2. Monitor city, county, regional, and state planning and programming activities to ensure that city, county, and regional plans and programs are included in the RTP to establish eligibility for state and federal funding (EDCTC Staff).....monthly
3. Review and update the current EDCTC RTP to incorporate the latest data, transportation issues, RTP requirements, and mobility needs identified in the 2025-2050 SACOG MTP/SCS and Caltrans CTP 2040 Regional Planning Goals (EDCTC Staff)as needed
4. Analyze State of Good Repair needs and investments (EDCTC Staff, EDCTA) quarterly
5. Implement 2025-2045 RTP action element projects including integrated land use, air quality and transportation planning, sustainability, highways, streets and regional/inter-regional roadways, public transit, aviation, active transportation, transportation systems management, and funding, consistent with the policy element goals, objectives, strategies, and performance measures (EDCTC Staff, County, City, EDCTA)..... monthly
6. Assist member jurisdictions and EDCTA staff in the planning and programming process to meet mandated program requirements (EDCTC Staff)as needed
7. Collaborate with SACOG to prepare updates and amendments to the MTP and MTIP, including air quality conformity analyses (EDCTC Staff)as needed
8. Work cooperatively with member jurisdictions, Caltrans, and SACOG, to maintain and update population, employment, housing, and traffic data and projections (EDCTC Staff).....as needed
9. Coordinate, consult, and collaborate with the Shingle Springs Rancheria Tribal Government (EDCTC Staff).....as needed
10. Work in concert with the adopted EDCTC Public Participation Plan Strategies and Outreach including public survey, Stakeholder Advisory Committee meetings, virtual and in person meetings, workshop and pop-ups targeting traditionally unrepresented cohorts (EDCTC Staff) as needed
11. Coordinate with Caltrans data analysts to collect and monitor safety, resiliency, and other related travel data and analytics to better plan and address issues along the state highway system (EDCTC Staff) Ongoing

End Products

1. Implementation activities for the 2025-2045 El Dorado County Regional Transportation PlanOngoing
2. RTP amendments and updates.....as needed
3. Updates to the SACOG MTP to include El Dorado County projects and prioritiesas needed

WORK ELEMENT 221

TRANSIT PLANNING

Objectives

To collaborate with the El Dorado County Transit Authority (EDCTA) on the development and implementation of transit-related planning efforts and on state and federal grant programs (excluding those administered through the Transportation Development Act). The goal is to create an integrated transit system that addresses the region’s mobility needs while reducing vehicle miles traveled and greenhouse gas emissions.

Discussion

The EDCTC provides support to EDCTA for:

- State capital grants.
- Caltrans Low Carbon Transit Operation Program grants for operations and capital assistance.
- Federal Transit Administration (FTA) funding programs (Sections 5310, 5307, and 5311) for operations and capital expenses.

The EDCTC also assists EDCTA in planning grant applications through programs such as the Sustainable Communities – Strategic Partnership Program (utilizing FHWA State Planning and Research Part 1 funds and FTA Section 5304). Additionally, the EDCTC is responsible for developing required reporting documents and amending plans such as the Coordinated Public Transit-Human Services Transportation Plan and Short- and Long-Range Transit Plans.

The EDCTC coordinates transit-related activities and provides staff support to the EDCTC Social Services Transportation Advisory Council (SSTAC).

Previous Work Activities by EDCTC Staff - FY 2025/26

1. Participated in El Dorado Transit Technical Advisory Committee meetings.. July 2025-June 2026

PROJECT DELIVERY AND PROGRAMMING

WORK ELEMENT 300

STATE AND FEDERAL PROGRAMMING

Objectives

To prioritize projects and program funds available through the Federal Infrastructure Investment and Jobs Act (IIJA), State Transportation Improvement Program (STIP), Road Repair and Accountability Act of 2017 (Senate Bill 1), the Regional Transportation Improvement Program (RTIP), Interregional Transportation Improvement Program (ITIP), and other programs.

To prioritize projects for submittal to federal discretionary funding programs available through the current federal IIJA.

Coordinate with local partners to prioritize projects and develop competitive funding round applications for federal funding opportunities administered by SACOG.

Work in partnership with Caltrans, El Dorado County, and the City of Placerville to ensure that priority projects have Project Initiation Documents completed prior to programming.

Discussion

As the designated Regional Transportation Planning Agency (RTPA) for El Dorado County, the EDCTC manages the programming of state and federal transportation funds. These include STIP, SB 1, and local funds, as well as funds available through Caltrans.

The EDCTC ensures that projects in the Regional Transportation Plan (RTP) and SACOG Metropolitan Transportation Plan/Sustainable Communities Strategy (MTP/SCS) align with state and federal goals. The agency is also responsible for programming RTIP funds and advocating for ITIP funds to support state highway projects. Once prioritized, these projects are incorporated into the STIP.

Previous Work Activities - FY 2025/26

1. Coordinated with partner agencies to submit the 2026 RTIP (EDCTC Staff) December 2025
2. Coordinated with the City of Placerville, El Dorado County, El Dorado Transit, and Caltrans to secure state funding as available (EDCTC Staff, City, County, Transit, Caltrans) .. July 2025-June 2026
3. Coordinated with SACOG on federal funding programs..... July 2025-June 2026
4. Coordinated with Caltrans and local jurisdictions to develop projects incorporating Complete Street concepts (EDCTC Staff, City, County, Transit, Caltrans)..... July 2025-June 2026

Current Work Activities - FY 2026/27

1. Coordinate with local jurisdictions to identify and prioritize projects for submittal to SACOG’s federal competitive grant opportunities (EDCTC Staff) ongoing
2. Actively participate in Caltrans, CTC, CalSTA, and SACOG meetings, workshops, and advisory groups regarding transportation funding programs, program guidelines development, and policies (EDCTC Staff) ongoing
3. Provide the City of Placerville, El Dorado County, and EDCTA with dynamic information regarding transportation programming and implementation policy (EDCTC Staff) ongoing
4. Develop and implement strategies to apply and secure funding through discretionary state and federal competitive grant programs (EDCTC Staff)..... ongoing

5. Coordinate with the City of Placerville, El Dorado County, El Dorado Transit, SACOG, the CTC, and Caltrans to secure Road Repair and Accountability Act funding as available (EDCTC Staff, City, County, Transit, Caltrans)..... ongoing
6. Collaborate with the City of Placerville and El Dorado County to apply for SACOG funding round competitive call for projects ongoing
7. Work with the project delivery managers to prepare STIP amendments (EDCTC Staff) .as needed
8. Develop an advocacy platform to include a list of transportation investment needs and policy initiatives to present to state and federal legislators (EDCTC Staff) ongoing

End Products

1. Annual workplan and schedule for grant application submittals to state and federal discretionary funding programs annual
2. A program of prioritized projects in varying phases of project delivery to ensure projects at all phases are being developed, implemented, and completed ongoing
3. Submission of projects for the SACOG Federal Funding Round competitive process.....fall 2026

WORK ELEMENT 310

TRANSPORTATION PROJECT DELIVERY AND OVERSIGHT

Objectives

Ensure that the EDCTC-programmed projects expend funds according to program guidance in a timely and cost-effective manner to ensure project delivery success, prevent loss of funding, and protect future funding opportunities.

Discussion

This element includes the activities necessary to ensure that local agencies administer funds, programmed by the EDCTC, consistent with funding guidelines and policies and deliver projects on time and within budget. This project oversight includes the development of the EDCTC Project Monitoring Report which is updated regularly and presented to the Commission bi-annually. Oversight includes all elements of project delivery including timely invoicing and submittal of reporting to appropriate funding agencies.

As mandated by Chapter 622 (Statutes of 1997), the EDCTC is responsible for monitoring project support costs for STIP projects and ensuring that all project delivery schedules comply with state and federal timely-use-of-funds requirements. The EDCTC ensures that project sponsors meet deadlines, secure additional funding when necessary, and reprogram or update funding status in the SACOG Metropolitan Transportation Improvement Program to prevent loss to the region.

Timely-use-of-funds requirements, implemented under AB 1012, also apply to delivery of STBG, SB1, and CMAQ projects. As a result, EDCTC monitors all programmed projects, maintains a database of project status, and works with project sponsors to ensure that all timelines are met. If necessary, EDCTC will work with project sponsors to reprogram funds to ensure that no funding is lost to the region. Additionally, as project costs continue to escalate, EDCTC will work with project sponsors to identify, secure, and program additional funding when and where necessary. Any project cost savings, regardless of funding source, will be deprogrammed and returned to EDCTC for future programming consideration.

Previous Work Activities by EDCTC Staff - FY 2025/26

1. Developed and Presented Project Monitoring Reports March 2025
2. Participated in all project delivery PDT meetings July 2025-June 2026
3. Partnered with the City of Placerville and El Dorado County to develop projects for submittal to SACOG for Regional Funding Federal Prioritization September 2025

Current Work Activities by EDCTC Staff - FY 2026/27

1. Monitor project delivery schedules, costs, and invoices for all projects for which EDCTC has programmed funding ongoing
2. Attend Project Development Team and coordination meetings with implementing jurisdictions to discuss the status of projects and to resolve project delivery issues consistent with timely use of funds and other funding source requirementsas needed
3. Develop and maintain project monitoring reports for all projects for which EDCTC has programmed funding ongoing

WORK ELEMENT 330

ACTIVE AND ALTERNATIVE TRANSPORTATION PROGRAMS

Objective

To promote projects that will maintain, improve, and expand public transit ridership, active transportation and other alternative modes through Transportation Demand Management (TDM), such as carpooling, ridesharing, telecommuting, remote learning, and telehealth.

Discussion

This work element includes the activities necessary to support and promote transportation choices which go beyond typical automobile and/or single-occupant vehicle trips. These efforts are designed to maximize the effectiveness of existing transportation systems, reduce traffic congestion, reduce or eliminate the need for new and expensive transportation infrastructure, support the local and regional economy, and improve air quality.

The El Dorado County Regional Transportation Plan 2025-2045 includes short- and long-term projects to advance the use of Transportation Demand Management (TDM) in a thorough, cost-effective manner. These efforts were further emphasized during the recent pandemic, which significantly increased demand for virtual work, learning, and telehealth options.

PUBLIC INFORMATION, OUTREACH, AND ADVOCACY

WORK ELEMENT 400

PUBLIC EDUCATION AND OUTREACH

Objective

To establish the EDCTC’s role in project planning, selection, programming, and delivery through a fully integrated public engagement process that is accessible across virtual and online platforms, as well as traditional in-person engagement, to ensure public consensus is at the foundation of all EDCTC’s efforts.

Discussion

This is one of the fundamental work elements for which the EDCTC is responsible directly to the residents and traveling public in and through El Dorado County. This effort includes responding to inquiries from the public, media, and partner agencies. It also involves targeted and meaningful public engagement focused on transportation issues and opportunities throughout the EDCTC’s planning area.

Previous Work Activities by EDCTC Staff – FY 2025/26

1. Promoted iWalk-to-School Day and May is Bike Month October 2025 and May 2026
2. Posted information and meeting dates for the EDCTC funded plans and projects. July 2025-June 2026
3. Published partner agencies’ media releases on the EDCTC media outlets . July 2025-June 2026

WORK ELEMENT 410

TRANSPORTATION ADVOCACY PROGRAM

Objective

To advocate for and engage state and federal legislators and transportation agency leadership to support state and federal transportation funding and policy in alignment with the EDCTC’s goals and objectives and critical transportation infrastructure needs, benefiting El Dorado County and the City of Placerville transportation interests.

Discussion

The ability of the EDCTC to successfully plan and program critical transportation investments will have a significant impact on the future success of the region, especially in the rural and foothill communities of El Dorado County. Long-standing formula funding continues to decline due to the declining revenue generated from gasoline and diesel sales. Additionally, competitive funding programs, both state and federal, are more focused on combating climate change and primarily support urban transportation investments. Given these two factors, it will take far more than 20 years to garner the necessary funding to deliver the maintenance and capital investments included on the current Regional Transportation Plan. To continue improving upon very challenging state and funding forecasts, the EDCTC must aggressively advocate for transportation funding and policies from both the state and federal administrations. The EDCTC needs to elevate the importance of the transportation system within and through El Dorado County, highlighting it as not only a lifeline for the resident population and local businesses but also as a unique and significant interregional system connecting the greater San Francisco Bay Area mega-region to the Sierra, Lake Tahoe, and beyond. With the passage of SB-1 in 2017, funding became available, but the programs that administer these additional resources are highly competitive. Additionally, the Federal Bipartisan Infrastructure Bill, passed in 2021, is focused on combating climate change and social equity, making it highly competitive. The EDCTC must work with partner agencies to advocate for the growing demands on the state and local transportation network, which serves as the gateway to the highly visited tourism and recreation areas of our region, as well as the primary lifeline of access, goods, and services for local residents.

Previous Work Activities by EDCTC Staff - FY 2025/26

- 1. Monitored state and federal legislation which could impact transportation and air quality issues ongoing
- 2. Participated in the Cap-to-Cap program of the Sacramento Metropolitan Chamber of Commerce April 2026
- 3. Submitted comment letters on legislation and policy proposals on behalf of the EDCTC consistent with the goals and objectives of the EDCTC..... ongoing

Current Work Activities by EDCTC Staff - FY 2026/27

- 1. Monitor all state and federal legislation and policy related to transportation and project delivery ongoing
- 2. Engage with local agencies and legislators to inform the next update of the federal surface transportation bill ongoing
- 3. Work with the City of Placerville, El Dorado County, and El Dorado County Transit Authority to develop an advocacy platform..... ongoing
- 4. Participate in the Cap-to-Cap program of the Sacramento Metropolitan Chamber of Commerce April or May 2027

- 5. Participate in California Association of Councils of Government Executive Directors Associationbi-monthly
- 6. Collaborate with regional and interregional partners to highlight the importance of the interregional transportation system ongoing
- 7. Work with the Rural Counties Task force to advocate for rural needs ongoing

End Products

- 1. Legislative analysis and reports to the EDCTCmonthly
- 2. Printed materials for Cap-to-Cap advocacy effort..... April or May 2027
- 4. Reports to the EDCTC on advocacy efforts.....as needed
- 5. Rural Counties Task Force advocacy and coordination reports to the EDCTCas needed

- > Local Transportation Funds (LTF) are allocated to the Commission for Transportation Development Act (TDA) administration and planning activities.
- > Rural Planning Assistance (RPA) Funds are State funds provided by Caltrans for regional transportation planning activities. 25% may be carried-over to future years. RPA funds do not require matching funds. Rural Planning Assistance Funds may not be used for Transit Administration or Advocacy.
- > State Transportation Improvement Program (STIP) Planning, Programming and Monitoring Funds are State funds that must be used within two years of the allocation.
- > Sustainable Communities grants are funded by the Federal Transit Administration (FTA Section 5304) and the State Highway Account through Caltrans for specific projects. These funds require a non-Federal, local match of 11.47% and must be used within two years of encumbrance.
- > Surface Transportation Block Grant Program (STBG) exchange funds are State funds received by EDCTC in lieu of Federal funds. These funds can be used for most transportation purposes.
- > Freeway Service Patrol Funds are funded by a \$1.00 charge on DMV registration fees and Caltrans Freeway Service Patrol funding. These funds are for the Freeway Service Patrol Program in the designated area of the County, from the Sacramento/El Dorado County Line to Greenstone.

APPENDIX B

SUMMARY OF SACOG PLANNING ACTIVITIES IN EL DORADO COUNTY

The Sacramento Area Council of Governments (SACOG), as the federally designated Metropolitan Planning Organization, in cooperation with the State, is responsible for federal transportation Planning and programming in the six-county region, which includes the EDCTC region. These responsibilities include the development and adoption of the Metropolitan Transportation Plan (MTP), the Metropolitan Transportation Improvement Program (MTIP), and making air quality conformity finding on these documents as required under the Federal Clean Air Act.

SACOG assists the EDCTC in other transportation planning activities as needed and has a designated liaison to participate in and attend meetings. SACOG also coordinates with the EDCTC on each of the OWP Work Elements as a member of the technical advisory committees and/or project development teams to develop policy recommendations and technical tools to help implement local and regional objectives for enhancing urban and rural economies, a complete multi-modal network recreation, quality of life, and regional sustainability.

The EDCTC contributes the EDCTC's share of the cost of developing the MTP, MTIP, and air quality conformity funding.

Each Applicant for federal assistance to be awarded by FTA must provide an Affirmation of Applicant's Attorney pertaining to the Applicant's legal capacity. The Applicant may enter its electronic signature in lieu of the Attorney's signature within TrAMS, provided the Applicant has on file and uploaded to TrAMS this hard-copy Affirmation, signed by the attorney and dated this federal fiscal year.

APPENDIX E

Fiscal Year 2026/2027 California Department of Transportation Debarment and Suspension Certification

As required by U.S. DOT regulations on government-wide Debarment and Suspension (Nonprocurement), 49 CFR 29.100:

- 1) The Applicant certifies, to the best of its knowledge and belief, that it and its contractors, subcontractors and subrecipients:
 - a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - b) Have not, within the three (3) year period preceding this certification, been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain or performing a public (Federal, state, or local) transaction or contract under a public transaction, violation of Federal or state antitrust statutes, or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, state, or local) with commission of any of the offenses listed in subparagraph (1)(b) of this certification; and
 - d) Have not, within the three (3) year period preceding this certification, had one or more public transactions (Federal, state, and local) terminated for cause or default.
 - 2) The Applicant also certifies that, if Applicant later becomes aware of any information contradicting the statements of paragraph (1) above, it will promptly provide that information to the State.
 - 3) If the Applicant is unable to certify to all statements in paragraphs (1) and (2) of this certification, through those means available to Applicant, including the General Services Administration's **Excluded Parties List System (EPLS)**, Applicant shall indicate so in its applications, or in the transmittal letter or message accompanying its annual certifications and assurances, and will provide a written explanation to the State.

APPENDIX F

EL DORADO COUNTY TRANSPORTATION COMMISSION 2026 GOALS AND OBJECTIVES

To complement the work activities and end products included in the OWP, the following goals are recommended to provide a framework and structure for the coming year's planning, delivery, and advocacy efforts:

Goal 1: Community-Based Planning and Public Engagement

Objective 1A: Implement a consistent, year-round public engagement program tied to the RTP, emphasizing clear communication with local leaders, community groups, agricultural operators, employers, and recreation and tourism-oriented areas.

Objective 1B: Ensure EDCTC planning and programming remain aligned with statewide safety, climate, VMT, and multimodal policy, balancing rural context with local transportation needs.

Goal 2: Funding Stability and Diversified Revenue Strategies

Objective 2A: Strategically program core formula funds to deliver projects, preserve and maintain system conditions, and improve competitiveness for discretionary funding.

Objective 2B: Maintain a multi-year grant strategy targeting IIJA discretionary programs, SB1 competitive funds, climate and resiliency programs, and other state and federal opportunities.

Objective 2C: Work with the County, City, and partners to evaluate local and regional revenue mechanisms including impact fees, fee based and/or financing programs consistent with California law.

Goal 3: Federal Advocacy for the 2026 Federal Surface Transportation Bill Reauthorization

Objective 3A: Develop and adopt a Federal Reauthorization Advocacy Platform focused on rural safety, resiliency, evacuation, senior mobility, rural transit, rural corridor operations and maintenance, and regional impacts.

Objective 3B: Identify 1–3 “federal flagship projects” from the RTP and prepare them for federal positioning, including conceptual development, cost updates, operations strategies, and benefit-cost.

Objective 3C: Strengthen coordination with the Federal Highway Administration, Federal Transit Administration, Caltrans, SACOG, and rural transportation coalitions to elevate EDCTC priorities across the region.

Goal 4: RTP Implementation and Project Delivery

Objective 4A: Advance priority RTP projects into project approval, environmental review, and design phases in collaboration with El Dorado County, the City of Placerville, Caltrans, and El Dorado Transit.

Objective 4B: Ensure all capital projects incorporate operational improvements, applicable multi-modal improvements, evacuation considerations, long-term resiliency, and maximize life cycle usage and costs.

Objective 4C: Improve cost estimating, project readiness, revenue leverage, and supporting narratives for major projects to enhance competitiveness in discretionary programs.

Goal 5: Transit, Mobility Options, and Access Improvements

Objective 5A: Assist El Dorado Transit in securing stable near-term operations funding, preparing for fleet modernization, and maintaining essential commuter and local services.

Objective 5B: Pursue low-cost multimodal improvements such as pedestrian, bicycle, first/last-mile, rural access, and school zone mobility enhancements, consistent with local needs and statewide safety goals.

Goal 6: Rural Road Safety, Maintenance, and Resiliency

Objective 6A: Establish a Rural Roads Safety and Resiliency Initiative to identify priority corridors, address high-collision locations, and pursue state and federal funding programs.

Objective 6B: Support local jurisdictions in developing long-range maintenance and bridge investment needs under declining fuel-tax revenue scenarios.

Objective 6C: Strengthen coordination with public safety agencies and Office of Emergency Services (OES) to align roadway investments with wildfire evacuation, high wildlife collision rates, event response, severe weather, and emergency operations.

Goal 7: Collaboration, Data, and Organizational Capacity

Objective 7A: Enhance regional collaboration with El Dorado County, the City of Placerville, Caltrans District 3, Sacramento regional partners, and Tahoe Basin agencies.

Objective 7B: Advance staff development, cross-training, and technical skills in grant writing, spatial data platforms, data analysis, project delivery, and performance reporting.

Objective 7C: Maintain strong governance, transparent communication, and effective program management to support EDCTC's mission.

The 2026 Goals and Objectives support RTP implementation, strengthen project delivery capacity, respond to statewide policy shifts, and prepare EDCTC for major changes in federal funding as the Infrastructure Investment and Jobs Act reauthorization approaches.
